

Baggo is offered in traditional and modified singles and doubles

- To compete in Modified Doubles, both partners must be modified single players

Court Size:

- Traditional Baggo court is 27 feet (distance between the front of each board)
- Modified Baggo court is 17 feet (distance between the front of each board)

Games are played to 21 points.

Scoring:

- **Woody:** Refers to any cornhole bag that has been pitched and remains on the cornhole board playing surface at the conclusion of the frame. Each woody is 1pt.
- **Cornhole:** Refers to any cornhole bag that has been pitched and passes through the cornhole board hole at any time within the frame. Each cornhole is 3pts.
- A bag that comes to rest touching the ground AND the board does not count as a point.
- Cancellation Scoring: The approved method of scoring for the sport of cornhole is "cancellation" scoring. In cancellation scoring, the points of one player cancel out the points of their opponent. Using this method, only one player/team can score in each frame.

Both players play one board at a time, and stay in their designated lane for the whole game (right or left).

Players start the game at board 1 and alternate pitching bags until each player has pitched all (4) of his/her bags.

Players then walk to the end of their lane to the other board, take score, and resume pitching back to the other cornhole board.

Players must deliver the bag with an under- hand release.

Feet must stay behind the line of the front of the board at the time of releasing the bag.

The player/team who scored in the preceding frame pitches first in the next frame. If neither player/team scores, the player/team who pitched first in the preceding frame shall retain first pitch in the next frame.

If bags become piled inside the cornhole board hole and may interfere or obstruct with the next pitch or if there is question whether a cornhole bag would have naturally fallen through the hole, a player may request to “rake” the cornhole bags that have fallen inside the hole.

Rules for Divisioning:

Each athlete will pitch 4 consecutive bags from the designated throwing area to complete a frame. After the 4th bag is thrown, the number of points earned (1 point for landing on the board, 3 points for going in the hole) will be totalled. The athlete will pitch 3 additional frames, for a total of 16 throws. The cumulative score from the 16 throws is the total. Throw in groups of 4.
